Education

University of Alabama Honors College- Bachelor of Science (BS) in Aerospace Engineering - Tuscaloosa, AL - May 2026

- University of Alabama Honors GPA - 3.61/4.0
- Scholarships - Full Ride Academic Scholarship, Presidential, Engineering, Taylor Lewan Offensive Line Scholarship
- Dean's List - Fall 2022, Spring 2023, Fall 2023, Spring 2024, Fall 2024, Spring 2025
- HTML, JavaScript, Python
- Musical - Piano, Cello, Guitar
- Languages - Spanish

Florence University of the Arts - Study Abroad - Florence, Italy - May 2024

- Immersed in Italian culture and enhanced academic knowledge through hands-on experiences and cultural activities

Projects - Assorted Multidisciplinary Integrated Systems Engineering and Computer Science Opportunities

- Developed GSM-based IoT communication (SIM7000A), Arduino vehicle control systems, and automated Docker setups for IT management. Enhanced server efficiency and financial integrations, showcasing innovative problem-solving in software, hardware, and infrastructure

Relevant Coursework, Additional Education, & Skills

- Calculus I, II, and III, Python, Physics I & II, SolidWorks, Statics, Dynamics, Mechanics of Materials, Thermodynamics, Aerodynamics, Linear Algebra, Differential Equations, Computational Methods, Circuitry, System Design
- MATLAB, SolidWorks, Google Workspace, Microsoft 365 (Office), Circuit Design, Computational Fluid Dynamics (CFD), Data Analysis, Programming (Python), Team Collaboration Tools

Experience

University of Alabama Aerodynamics Research Laboratory (AAERO)

Undergraduate Research Assistant, Vertical Flight Society Chapter (December 2024 – Present)

- Collaborate on a quadcopter project to compare thrust and noise profiles of toroidal versus planar propellers, utilizing CAD modeling and SLA 3D printing to design and fabricate prototype components
- Conduct flight mechanics calibration and data analysis using Python, contributing to performance optimization and preparing findings for presentation at the URCA Conference
- Apply skills in SolidWorks and computational fluid dynamics (CFD) to support experimental setups, ensuring precise evaluation of aerodynamic parameters

Wilson & Company, Phoenix, AZ (July 2024 - August 2024)

Intern

- Gained hands-on experience with construction materials and techniques through over 50 hours of on-site exposure and learning
- Collaborated with senior engineers to develop 5+ project plans and timelines
- Contributed to the preparation of 5+ reports and documentation for client presentations and regulatory submissions

References - Steven Salazar, Senior Vice President, steve.salazar@wilsonco.com

PowerPro Rentals LLC, Tempe, AZ (May 2023 - August 2023)

Founder, Sales, Operations Management

- Founded and manage a profitable LLC specializing in heavy equipment rentals
- Overseeing all financial aspects and logistics
- Established an online presence, fostering partnerships with 10+ local businesses, and achieving a strong profit margin

Jetski and Boat Restoration, Phoenix, AZ (February 2021 - Present)

Owner, Repair Technician

- Independently source, restore, and sell watercraft at a +50% profit margin
- Repair powertrain with proficiency in engine rebuilding and wiring, completing over 30 engine rebuilds and 30 complex wiring jobs
- Specialize in acquisition, restoration, and sales of 65+ watercraft

EcoPro Corp, Tempe, AZ (July 2018 - July 2022)

Product Management, IT

- Managed Quickbooks and Salesforce integration, saving 50% of time for accountants
- Led development of 10+ products, conducted market research, and boosted product adoption

Activities & Leadership

Pi Kappa Alpha Fraternity

Sports Chair (January 2023 - May 2023)

- Organized 20+ sports games, enhancing reputation and inclusivity through collaboration with 30+ Greek organizations
- Promoted recreational events, built strong relationships by coordinating with other campus organizations

Class President (August 2022 - Present)

- Organize successful fundraising events, community service projects, and 10+ social outings
- Mentor and support fellow members in academic and financial commitments

Friendly Pines - Camp Counselor (June 2022 - July 2022)

- Mentored and personally guided 8 children with excellent communication and commitment to fostering positive personal growth
- Experienced in living with and caring for children in an extended stay summer camp environment

Speak Italy - English Teacher (June 2019 - July 2019)

- Taught English to 50+ non-native speakers, promoting cross-cultural understanding
- Utilizing flexibility and cultural sensitivity to effectively engage with diverse teams
